*Transiting from Importer to Exporter ?
Amidst major capacity expansion...*

* Middle East/Africa : MEA

The Middle East to North Africa region is fast becoming a major player in the global PET packaging business.

"PET consumption in the region was 1.2 million MT in 2009, and is expected to exceed global growth rates and increase by 7% annually in the medium term. Although the region is in the middle of a major expansion boom, it is still expected to be a net importer of PET until 2011-2012"
