Myanmar is truly one of the last unexplored consumer markets in Asia. As it is also one of the few immediate growth opportunities globally, it becomes critical to gain a genuine understanding and have a benchmark of consumer behavior and perception today. This will help companies assess where the market is today, how their products and services potentially fit into Burmese consumer culture and needs. More importantly how to grow their brands in the future to have a successful and sustainable business model for years to come.

CMT’s Myanmar Consumer Summit 2013

- Consumer Purchasing Behaviors, Trends & Insights
- Positioning your Products/Brands in Myanmar
- Building and Choosing the Right Sales & Distribution Channels
