Key highlights

- Establishing large scale agri-projects to meet Africa's growing demand for palm oil commodities
- Nigeria upstream and downstream investment opportunities in rubber
- Access to finance, high quality seeds, mechanisation, irrigation, fertilisers, crop protection
- Scaling up small-holder communities and development programs
- Sustainable cocoa program and value-chain activities including downstream processing

CMT's Palm Oil Africa series

Into its 3rd series this year, CMT is pleased to return to Ghana as the government implements a National Palm Oil Program to improve the industry. This year will expand to Rubber & Cocoa, both exciting crops for Africa with growth potential. CMT's 1st Agriworld conference was held in Accra and was very well attended by over 200 participants, the 2nd Palm Oil Africa conference was held in Gabon, supported by Olam and once again was a successful event that helped put Gabon on the map as potential palm oil producer.
