

“Building Circular Economy with Biobased Chemicals and Plastics”

“Asia Competitiveness and Position on Raw materials, Productions and Demands”

Testimonials from 5th Biobased World 2016

“It is a good experience to be part of this conference”

– **SCG Packaging**

“Very exclusive and good in presentation”

– **Srithai Superware**

“In 3 days, a great overview of biochemicals”

– **PT Agra Bareksa Indonesia**

“Very nice knowledge gathering experience, and expanded my expertise and network in biobased chemical industry” – **Daesang Corp**

“Very informative conference and good opportunity for networking” – **Starbucks**

“Covered a wide spectrum of Biochemicals”

– **India Glycols**

You Will Network With Senior Decision Makers from:

Chemical & Polymer Producers | Biofuel Producers | Biobased Chemical & Bioplastic Producers | Agricultural Companies | Sugar, Starch & Oilseed Processors | Oils & Fats Suppliers | Biomass Suppliers & Traders | Composting, Recycling & Waste Management Co | Converters, Processors & Machinery Suppliers | Governmental Bodies, Policy Makers & Influencers | Cleantech / Biotechnology Venture Capital & Private Equity Co | Financial Institutions | Technology Platform Developers | Engineering, Procurement & Construction (EPC) Co | Chemical Storage and Logistic Co | Catalyst Suppliers | Enzyme Suppliers | Leading Research Centers | Analysts & Consultants | End-use companies from: Home & Personal Care, Packaging, Automotive, Adhesive, Solvent, Printing Ink, Lubricant, Paints & Coatings

Sponsor or Book your Exhibition Space

This event is an excellent platform to promote your organization to influential players & investors in the industry. Talk to us for sponsorship packages or book your exhibition space now!

6th Biobased Chemicals & Plastics

19-22 June 2017 / Bangkok, Thailand

Biobased Chem Asia

- Biobased chemicals cost and feasibility
- Bio refineries update and latest conversion/fermentation technologies
- Regional collaboration to promote biobased hub in Asia
- Commercial plants & projects scale up process, business strategies & funding approaches – VC, JVs, licensing
- Biobased chemicals and materials developments in Asia - main players, trends, needs, and growth prospects
- Bio feedstocks mix and flexibility (Agri & Forestry Residue, Energy Crops, Grains & Sugar Crops, MSW & Waste Gases) outlook, cost, capacity, suppliers and trade flows

Bioplastics Markets

- Applications growth in textile, pharmaceuticals, automotive, packaging and personal care
- Bioplastics future trends, markets, technologies and regulations
- Commercialization & production of Bioplastics
- Brand owners' sustainability plan & demand for biobased materials
- Bioplastics innovations in 3D printing
- Focus on PLA, PHA, starch blends, Bio PU, Bio PET, bio-composite & more!
