

A 2-day intensive course on

FACILITIES MANAGEMENT

For Facility Managers, Facility Engineers,
Facility Supervisors, Property/Asset Managers,
Plant Engineers and Maintenance Engineers

16-17 February 2009 | JW Marriott Hotel, Kuala Lumpur

COURSE INTRODUCTION

Over the years, facilities management has gained recognition as a strategic component responsible for the success of an organization. It is moving away from its traditional focus on building to the people and business itself.

The ever increasing advancement of technology has helped smoothed the facilities operation for most organizations. It is widely accepted that practitioners need to keep up with the available technology offerings, to ensure that their daily duties are made easier.

This session will discuss the latest offering of new technologies and how they can play an important role in facilities management.

COURSE HIGHLIGHTS:

- The Role Of Plant Facility Engineers / Managers
- Operation And Maintenance Of The Various Mechanical And Electrical Services
- Types Of Plant Maintenance:-
