Malaysia's Convergence *with IFRS in 2012*

WHY YOU CAN'T MISS THIS PROGRAM

MASB's chairman, Dato' Zainal Abidin Putih said, "Since 1978, we have been incorporating the provisions of the international standards into our local accounting standards; and today we are convinced that by becoming fully IFRS compliant, Malaysia's capital and financial market will be further enhanced."

Compliance with IFRS, which are used by more than a hundred countries around the world, will **facilitate comparability and increase transparency**. "However," he added, "we're not jumping on the bandwagon for the sake of joining the crowd. IFRS is really a **robust set of standards**. Because of the international consultative approach to standard-setting, a lot of thought has gone into IFRS. It gets input from literally hundreds of people with diverse expertise, from diverse jurisdictions."
