RECYCLED ENERGY ASIA 2022

30 Nov - 1 Dec 2022 | Bangkok, Thailand

Separately Bookable Site Visit to **Chonburi Clean Energy Plant**
1 Dec 2022 (Limited to 30 pax)

“Towards Zero Waste, Sustainability & Green Electricity”

Recycled Energy Asia 2022 taking place in Bangkok on 30 November - 1 December 2022.

Recycled Energy Asia 2022 continues to focus on the commercial development of regional agricultural biomass exports and carbonization (particularly in industrial boilers), as well as regional waste management and decarbonisation through waste to energy prospects, supply chain and technology assessments. The 1.5 days agenda is expected to attract regional key players in both biomass and waste to energy sectors.

From wood pellet, PKS supply and sustainability, waste management and waste to fuels, PPP business models, to demand development in local markets and North Asia, technologies and financing, the comprehensive program with expert speakers panel is ready with the latest industry insights and engaging panel discussion. Register for the 2 days event early & enjoy maximum advantage and discount!

Confirmed Speakers to-date

ERM (Environmental Resources Management) | Veolia
AFRY (Thailand) Ltd | VYNCKE | Solcofin Pte Ltd
PT Inti Persada | RENOVA Inc.
Hinterland Management BV | OMV | Nanomatics Pte. Ltd.
Nanyang Technological University

What to expect at CMT's Recycled Energy Asia 2022

- **24+ hours of content** – Engage in presentations & discussions on biomass demand, supply & logistics, drivers and economic potential for waste to energy, and case studies
- **Assess regional development in sustainability** – Engage with the regional wood pellet and PKS suppliers and find out how they are getting their products certified
- **Meet the leaders in Waste to Energy (WtE)** - Meet key developers and technologies providers in the WtE arena and key industry practitioners
- **Opportunity to evaluate** – The showcase of regional projects provides the opportunity to assess and benchmark
- **70% are senior-level executives** – The must-attend keynote with senior officials & executives; Network and establish contact with key influencers and decision makers
- **20+ networking hours** - Take advantage of CMT Connect, & many opportunities for you to network with fellow delegates and speakers during refreshment breaks, lunch, cocktail receptions, as well as the pre-conference workshop and post-conference site visit
- **Operational waste to energy (WtE) power plant experience** - Visit the all-new 8.63MW WtE Plant in Chon Buri
- **Start networking before the conference begins** - Take advantage of CMT Connect and start planning your meetings
