NETWORKING RECEPTION SPONSOR

EXHIBITOR

FEES

Fees per person	€
<b>IN-PERSON (per person)</b>	
1-2 delegates	1395
3 or more delegates	1195
<b>Bundle:</b> • 23rd GEPET & Polyester (Recycling & Sustainability) • 4th Recycled Packaging for Food Contact	1895
<b>Optional Activity:</b> Site Visit to Ecoibéria & World PET	195
<b>VIRTUAL (per login)</b>	
1 conference	1195
<b>Bundle:</b> • 23rd GEPET & Polyester (Recycling & Sustainability) • 4th Recycled Packaging for Food Contact	1695

**DAY 1 - 23 MAY 2023, TUESDAY**

- 08:00 Registration
- 08:50 **Chairman's Introduction**
- 09:00 **Feedstock Competitiveness – the impact on global PET trade**  
*Stewart Hardy, Senior Consultant, Nexant*
- 09:30 **Closing the loop on PET trays**  
*Rui Silva, CPO (Chief Product Officer), Evertis*  
  
*Juan Villamayor, Sustainability Manager, Evertis*
- 10:00 Discussion followed by Morning Coffee
- 10:30 **Scaling up the recyclability of multilayer PET-based tray**  
*Sergio Collado Canas, Head of Engineering & R&D, Sulayr Global Service*
- 11:00 **Production of virgin-like monomers from mixed PET waste - revolPET®**  
*Leonard Both, Project Engineer, Rittec Umweltechnik / Revolpet*
- 11:30 **Transforming and connecting the Plastic Industry: Advancements in Chemical Recycling and Sustainable Materials towards Circularity**  
*Eduardo Santos, Corporate Development Senior Associate, Selenis Portugal*

**23<sup>RD</sup> GEPET & POLYESTER**  
(Recycling and Sustainability)  
23-24 MAY 2023 / PORTO, HYBRID

- 12:00 **Recycling complex polyester waste to high performance products - The White Cycle project**  
*Sebastien Noel, Research Engineer - Reinforcement Materials, Michelin*  
  
*Christophe Le-Clerc, Technical Director Michelin*
- 12:30 **Collaboration on mechanical & molecular recycling, and the importance of working together to create true circularity.**  
*Camiel Steffanie, Market Devt Manager, Circular Economy, Eastman*  
  
*Richard von Goetze, Head of Chemical Recycling & Strategic Projects Interzero*
- 13:00 Discussion followed by Lunch
- 14:00 **Logoplaste's approach to sustainability**  
*Susana Garcia, Sustainability Manager, Logoplaste*
- 14:30 **Mono-PET flexibles: the low carbon choice**  
*Dr. Mark Dawes, European Market Development Manager, Celanese formerly DuPont Teijin Films*
- 15:00 **Cost-effective chemical recycling process for recycled PET of highest purity**  
*Vivek Tandon, Founder, Revalyu Resources*
- 15:30 Discussion followed by Tea
- 16:00 **Delivering high quality recycled PET to Romania & neighbouring countries-Update on the first PET recycling plant in Romania**  
*Mihail Moloiu, General Manager, PET Recycling Team Targu Mures*
- 16:30 **Is there a sustainable solution for textile-to-textile recycling**  
*Dr. Fabio Silvestri, Head of Marketing And Business Development Gr3n Recycling*
- 17:00 **Panel Discussion: Competition for rPET feedstock**
- 17:30 Discussion. Close of Day 1
- 18:00 Networking Reception Sponsored by:

## DAY 2 - 24 MAY 2023, WEDNESDAY

- 08:00 **Chairman's Remarks**
- 08:05 **Revision of the EU Packaging Waste Directive**  
*Dr. Wolfgang Trunk, Policy Officer, DG Environment, European Commission*
- 08:30 **Circular by Purpose**  
*Perreau Benoit, Markets & Clients Director - Solid Waste, Veolia Environmental Services*
- 09:00 **Drivers for FMCG companies towards more sustainability for packaging**  
*Hans Van Bochove, Chairman, EUROPEAN*
- 09:30 **viscoZERO recycling technology for PE, PP, PS and PET**  
*Markus Fellingner, General Manager Viscotec, Starlinger & Co. / Viscotec*
- 10:00 Discussion followed by Morning Coffee
- 10:40 **Panel Discussion: Collaborating along the plastics chain across different sectors towards a common goal**  
  
Moderated by:  
*Antonello Ciotti, President Petcore Europe*  
  
Panelists:  
*Hans Van Bochove, Chairman EUROPEAN*  
  
*Perreau Benoit, Markets & Clients Director-Solid Waste Veolia Environmental Services*  
  
*Hannah Drew, Global Circularity Manager Aldi Sud*  
  
*Alessandro Pasquale, Chief Executive Officer, Mattoni 1873*
- 12:00 Discussion followed by Lunch. End of GEPET conference.

Separately Bookable Site Visit to  
**Ecoibéria & World PET**  
24 May 2023

Founded by Jorge Lemos, Ecoibéria and WorldPet have been expanding capacity at a fast pace and are now part of Logoplaste Group.

Ecoibéria transforms post-consumer plastic bales into recycled flakes which will then be transformed into rPET pellets by World Pet who sells to converters for packaging applications.

Ecoibéria and WorldPet moved to the new facilities in 2019 where the 3rd washing line and the rPET line were installed.

14:00	Leave hotel for recycling facility
14:30	Arrive facility Tour & Discussion for one and half hour
16:00	Leave facility
16:30	Arrive back to Hotel

( Limited to 30 pax )

The site visit host reserves the right to approve/reject delegates to their facility.

The EU Commission wants to reduce the environmental impact of packaging by mandating that producers use a minimum amount of recycled plastic in new packaging placed on the market. New regulations are expected to be passed this year as brandowners increase their focus on sustainability in their packaging using more recycled content, light weighting and/or investing in bio based packaging.

The SUPD requires every EU country to ensure that PET beverage bottles incorporate at least 25% recycled plastic by. The bar will be raised to 65% and extended to all single-use plastic beverage bottles by 2040.

How is the PET industry handling the shifting sands of sustainability regulations ?

What are the progress and achievements to date by brandowners and retailers on bring sustainable ?

What are the proven changes, infrastructure development and recycling, sorting technologies to accelerate circularity ?

Sustainability commitments made also by the textile industry have set the stage for more competition in an increasingly tight market. Should used PET bottles be only channelled to the food packaging market ? Is there a more sustainable solution for the polyester textile industry ?

Will chemical recycling play an important part in unlocking the supply to meet the set targets ?

Come together for our **23rd Greater Europe PET & Polyester ( Recycling & Sustainability )** conference to be held in **Porto Portugal** this **May 23-24th** ! Meet our top panel of speakers and share their insights on the current developments and navigating uncertainties in the region.

### Key highlights:

- Feedstock Competitiveness – the impact on global PET trade
- Closing the loop on PET trays
- Scaling up the recyclability of multilayer PET-based tray
- Production of virgin-like monomers from mixed PET waste - revolPET®
- Recycling complex polyester waste to high performance products - The White Cycle project
- Delivering high quality recycled PET to Romania and neighbouring countries - Update on the first PET recycling plant in Romania
- Mono-PET flexibles: the low carbon choice
- Cost-effective chemical recycling process for recycled PET of highest purity

- Recent achievements in the protein engineering of enzymes for the degradation of PET
- Is there a sustainable solution for textile-to-textile recycling
- Drivers for FMCG companies towards more sustainability for packaging And many more.

Register with [hafizah@cmtsp.com.sg](mailto:hafizah@cmtsp.com.sg) now.

The conference will share a half-day session with **4th Recycled Packaging for Food Contact conference** which will take place on 24-25 May 2023.

Get updated on the new EFSA, USFDA & UK FSA regulations, safety assessments of using recycled content for food packaging!

More details of that conference can be viewed here:  
<https://www.cmtevents.com/aboutevent.aspx?ev=230514&>

### EXHIBIT / SPONSOR

### Talk to us!

This event is an excellent platform to promote your organization to influential players and investors in the industry. Sponsorship opportunities available include **Corporate, Exclusive luncheon & Cocktail** sponsor.

Exhibition / catalogue display can be arranged upon request.
