- 08:00 Registration & Coffee
- 09:00 **Welcome by CMT & Chairperson**
Dr. Bernhard Kainz, Global Technology Leader Barrier Coatings, Dow Deutschland Anlagengesellschaft
- 09:10 **Opportunities for fibre-based packaging in food-contact packaging**
Alexey Vishtal, Head of Novel Packaging Development, MM Board & Paper
- 09:35 **Barrier Measurement, Performance & Retention of High Barrier Paper-based Materials**
Dr. Yves Wyser, Expert Packaging & Shelf Life, Nestlé Institute of Packaging Science, Nestlé Research
- 10:05 **Paper based Material Barrier: Effect on Recyclability, Biodegradability Compostability & Safety?**
Andrea Vittadello, Project Manager Packaging Safety and Sustainability, Mérieux NutriSciences Italia - Chelab
- 10:35 Networking Morning Coffee
- 11:10 **Finding Coated Fibre-based Packaging Material that Optimally PROTECTS & PRESERVES Kiwifruit Freshness Through Month-Long Cool Chain Processes**
Walter van Pareen, Packaging Technical Leader, Zespri International
- 11:35 **Best Practice Examples of Recyclable Food Contact Paper Packaging**
Antonia Schuettler, Project Manager at "Made for Recycling", Interseroh+
- 12:00 **Novel Barrier Technologies for Fiber-Based Substrates**
Wilke Föllscher, Sales & Business Development Manager Paper Mills, ACTEGA
- ACTEGA**
- 12:25 **Recyclable High-Barrier Paper-based Flexible Packaging Solution – A Collaborative Effort**
Dennis Hughill, Regional Sales Director - Western Hemisphere, Bobst
- 12:50 Networking Luncheon at **JAQ Restaurant, Ground Floor**
- 14:10 **Afternoon Chairman**
Alexey Vishtal, Head of Novel Packaging Development, MM Board & Paper

Functional Fiber-Based Material & Packaging

- 14:15 **Dispersion Coatings in Barrier Paper Packaging**
Dr. Bernhard Kainz, Global Technology Leader Barrier Coatings, Dow Deutschland Anlagengesellschaft
- 14:40 **The Challenging Path from R&D to Industrial Readiness for Dispersion Coated Barrier Papers in Food Packaging**
Herwig Kirchberger, Managing Director, Delsci

Eckhard Kallies, Head of Flexible Packaging Paper, Delfortgroup
- 15:05 **Applying Barriers to Dry Molded Fiber Packaging**
Sebastian Roos, Chief Technology Officer, PulPac
- 15:30 Networking Afternoon Tea
- 16:00 **How Natural Polymer Barrier Platforms are Reducing Food Waste**
Tom Black, Director of International Business - Plantic, Kuraray America Inc.
- 16:25 **Panel Discussion - What is Shaping Development of Fibre-based Packaging for Food Contact (Regulation, New functionalities, Customer requirement)**
Moderator:
Alexey Vishtal, Head of Novel Packaging Development, MM Board & Paper

Dr. Bernhard Kainz, Global Technology Leader Barrier Coatings, Dow Deutschland Anlagengesellschaft

Herwig Kirchberger, Managing Director, Delsci

Dr. Yves Wyser, Expert Packaging & Shelf Life, Nestlé Institute of Packaging Science, Nestlé Research

~ March 2023, Packaging Insights

Paper and fiber based packaging is gaining popularity as the world moves away from single-use plastics and sustainability. Conveniently recyclable, fiber-based material is a natural and sustainable alternative to fossil-based ones. To meet the growing functional requirement for more packaging applications, the fiber based packaging supply chain is anchoring partnerships, in R&D, investments and etc, to realise the commercialisation of high performance packaging solution coupled with functional barrier properties, durability, food-contact safety compliance and etc, suitable for both food and non-food applications.

Join us and our industry experts panel at CMT's **Functional Fiber-Based Material & Packaging**, on **10 - 12 Oct 2023 in Hilton Rotterdam Weena 10 Rotterdam - 3012 CM**. The 3-days agenda will walk you through the current development on barrier application on paper packaging for food-contact, molded fiber materials, technologies and

solutions, as well as end of life options for these fiber based packaging, recycling and new approaches. This is the ideal event to assess the latest industry updates on fiber based packaging in food and non food applications, and a perfect platform for all speakers and participants to discuss ideas and opportunities, as well as network with high-level players from across the supply chain.
