2nd EU Sustainable PLANT PROTEIN & Fermentation Solutions

3 - 4 OCTOBER 2023

PRAGUE, CZECH REPUBLIC

Sustainability is a crucial component underpinning the plant-based trend

2nd EU Sustainable Plant Based Protein

03-04 Oct 2023, Prague

(Co-locate with **6th EU Starch Value Chain, 03-05 Oct 2023**)

Consumers are increasingly asking for clean label credentials, traceability of the product supply chain, nutrition & environmental impact of the products they consume.

Plant-based protein has moved to the next level, and its not as simple as just offering a product out in the market. Cleaning up the label, strengthening sustainability, sharpening regional sourcing of materials, delivering more diverse offerings on the shelf are some of the focus areas of the plant based protein trend.

Come join us in Prague this 3-4 October for our

2nd Sustainable Plant Protein conference and network with over 150 participants joining this event from all over the globe. Held together with our **6th EU Starch Value Chain**, register for both event to maximise your networking opportunities.

Contact hafizah@cmtsp.com.sg for more information and registration.
