“Enabling Sustainable & Stable Production of Biomass from SE Asia”

CMT’s Biomass & BioEnergy Asia conference returns to Vietnam’s Ho Chi Minh City on 28 – 30 November, with an exciting line-up of site visit activities, presentations, and discussions, definitely a promising gathering for industry stakeholders. Host speakers from Vietnam will be taking this opportunity to expand your insights on the Vietnamese wood pellet production and bioenergy aspiration, while international experts will also be driving the discussion on regional trade and demand for wood pellets, PKS, EFB and etc, as well as pertinent issues on sustainability (and GHG) certification.

Highlights:

- Explore woody and agricultural biomass resources available in Vietnam & South East Asia
- Vietnam’s renewable energy pursuit & role of biomass
- Emerging growth of biomass energy & power generation in Malaysia, Indonesia & the Philippines
- Producers & traders perspectives on the Asian biomass dynamics
- Clarification on sustainability & GHG criteria requirements for Japan’s imported biomass
- Equipping producers with understanding on certification roadmaps
- Export markets South Korea, Taiwan & China & Opportunities for SE Asian supplies
- Nascent torrefied production & growth in SE Asia

Join us at this 3-days SE Asia Biomass MEET, and take full advantage of the networking opportunities to connect with prospective partners in Asia biomass trade. More details on sponsors and speakers to be announced, but register NOW to enjoy the early bird discounts, or contact huiyan@cmtsp.com.sg for more information.
