

ORGANISED BY

EXHIBIT / SPONSOR

This event is an excellent platform to promote your organization to influential players and investors in the industry. Sponsorship opportunities available include Corporate, Exclusive luncheon & Cocktail sponsor. Contact cynthia@cmtconference.com for more information. Exhibition / catalogue display can be arranged upon request.

DECARBONIZING THE CHEMICALS INDUSTRY

23 - 24 May 2024 | Antwerp, Belgium

Pathway to decarbonization : New business models, partnerships, and disruptive technology!

The European Union has drafted plans to capture and store hundreds of millions of tons of CO2 emissions by 2050 to ensure industries can meet Europe's climate change goals, a draft document showed... By the same date, most of the remaining emissions from EU industries will have to be captured and stored, in particular from the cement and the chemical sectors," the draft said. 18/1/24, www.reuters.com

CMT's **Decarbonizing the Chemicals Industry** conference aims to bring together industry leading experts and value chain players to discuss insights & solutions to decarbonize the chemicals industry. Sign up to find out how the chemicals industries are decarbonizing, latest technology advancement and challenges facing the industry.

Highlights:

- Renewable energy directive & its impact on chemicals industry
- Innovative solutions – electrification, energy efficient technologies, CCUS, sustainable feedstocks, clean energy procurement, green hydrogen & more!
- Low-carbon hydrogen – what options are economically most attractive and scalable in a short time horizon?
- Draft SBTi standard for the chemical industry
- Carbon pricing, CBAM implementation & the impact on chemicals industry
- Projects update & case studies

This event will have some combined sessions with the **2nd Sustainable Feedstocks for the Future of Chemicals & Plastics** conference on 23-24 May 2024 in Antwerp, Belgium!
