

DAY 1 - 11 MAR 2025, TUESDAY

08:00 Registration

09:00 **Chairman's Introduction**

09:10 **The New PPWR and what it means for the flexible packaging sector**

*Dr. Wolfgang Trunk,
Team Leader DG Env - Circular Economy,
European Commission*

09:40 **Packaging solutions: practical examples of mono-material solutions**

*Vivianne Munnix,
Global Marketing focal Packaging Industries,
SABIC*

10:10 Discussion followed by Morning Coffee

10:45 **Flexible Packaging Design- Successfully Projects with Recyclable Solutions**

- Criteria of design
- Recyclable approach/ Circular economy philosophy
- Successfully real projects (change for standard structures to monomaterial)
- Challenges

*Dimitra Kapsimali, Packaging Specialist,
A. Hatzopoulos*

11:15 **De-inking film and the barriers/opportunities to achieving food grade**

*James Donaldson, Managing Director,
Sortology*

11:45 **COTREP approach for the evaluation of recyclability : case study of flexibles PE and PP**

*Senior Representative,
COTREP*

12:15 **ReZorce® packaging: fully circular mono-material solution to replace Liquid Packaging Board single-use cartons" (HDPE/PP/PET)**

*Neil Court Johnston, President - MuCell Extrusion LLC,
Zotefoams*

12:45 Discussion followed by Lunch

14:00 **Accelerating use of recyclates in the FMCG industry and recyclability of packaging through Recyclate Credit Certificates**

*Ansgar Schonlau, Managing Director,
Certified Recycled Content CRC*

14:30 **Panel – What is Recyclable**

*Rickard Jansson, Development Engineer,
Swedish Plastic Recycling*

*Dr. Dirk Textor, Managing Director,
Certified Recycled Content CRC*

*Berry Bellert,
Sales Engineer / Development Plastics Recycling,
Attero*

15:30 Discussion. Followed by Tea

16:00 **The road towards full packaging circularity – Our sustainable packaging initiatives**

- The importance of building value chain partners driving towards systematic change
 - How are brandowners engaging consumers to encourage responsible disposal or recycling of its packaging?
 - How do brandowners measure their positive environmental impact/ carbon emission reductions with regards to packaging
 - Mono materials solutions challenges
- Vincent Raspail, Packaging Development Manager–R&D,
Haleon*

16:30 **High-barrier mono-material laminate for pharmaceutical & sensitive products application**

Speaker to be advised

17:00 Final Discussion. Close of Day One

4TH RECYCLABLE MONO MATERIAL PACKAGING SOLUTIONS

11 - 12 MARCH 2025 / BRUSSELS

ORGANISED BY

ASSOCIATE SPONSOR

BE A SPONSOR OR EXHIBITOR

This event is an excellent platform to promote your organization to influential players and investors in the industry. Sponsorship opportunities available include Corporate, Exclusive luncheon & Cocktail sponsor.

Contact cynthia@cmtconference.com for more information.

Exhibition / catalogue display can be arranged upon request.

Program details published herein are confirmed as of 10/31/2024

DAY 2 - 12 MAR 2025, WEDNESDAY

- 09:00 **Chairman's Remarks**
- 09:10 **Incorporating PCR (Post-Consumer Recycled) content into our mono mat packaging solutions**
Miguel Angel Dora, Managing Director - Saica Flex, Saica Flex
- 09:40 **Topic to be advised**
Senior Representative, TNO/Brightlands Materials Center
- 10:10 Discussion. Followed by Morning Coffee
- 10:40 **Innovative material solutions to support light weight, recyclable mono material packaging**
Senior Representative, Dow
- 11:10 **Mono-material solutions for flexible packaging with high barrier and exceptional sealing**
Dietmar Lenko, Head of Group Innovation, Product Subcategory Leader HPC, YFW, Dairy & Beverage Flexibles, Constantia Flexibles International
- 11:40 **Mono material packaging challenges for the cosmetics industry**
Andrea Venturelli, Innovation Manager, MYC Packaging Innovation
- 12:10 Discussion. Followed by Lunch. Close of Conference

Separately Bookable Site Visit

Wednesday, 12 March 2025 | (13:00 – 18:00 hrs.)

Separately Bookable Tour to Brightlands Circular Space

Brightlands Circular Space is an alliance led by Brightlands Chemelot Campus, Maastricht University and TNO.

They are an international co-creation center for circular plastics and their goal is to accelerate the recycling of used plastics into new raw materials on an industrial scale and to close the plastic loop working with private & public investors, recyclers and researchers.

At the visit, participants will get to explore their open demonstration facility, witness the possibilities for circular plastics such as those found in food packaging and medical products.

By devising innovative technologies, business models and forms of cooperation, we aim to ensure that sustainable circular plastics will remain available for future generations. A presentation will also be given at the Experience Center to further enrich the visit.

Time	Itinerary
13:00	Assemble at Brussels Novotel Hotel. Depart for Brightlands Circular Space
14:30	Arrive Brightlands Circular Space
14:30 - 16:30	Tour for 2 hours
16:30	Depart back to Brussels Novotel Hotel
18:00	Reach Hotel

4TH RECYCLABLE MONO MATERIAL PACKAGING SOLUTIONS
11 - 12 MARCH 2025 / BRUSSELS

Advancing circularity & innovations in mono material packaging solutions

4TH RECYCLABLE MONO MATERIAL
PACKAGING SOLUTIONS

Innovations in mono material packaging solutions, materials science & advances in recycling technologies are paving the way for a future where packaging waste is significantly reduced.

Driven by both consumer demand and regulatory pressures the industry has to come together to play a role in driving the shift towards sustainability.

Held successfully for 3 consecutive years, CMT's **Recyclable Mono Material Packaging Solutions** conference will convene in **Brussels** on the **11-12th March 2025!**

Mark your calendar and network with packaging companies, technology suppliers from machineries to packaging solutions, brandowners, resin producers, and recyclers coming together to find solutions to create more recyclable packaging.

Some of the highlights of the conference will discuss

- Updates on regulations – PPWR, safety in food contact packaging
- Design for Recycling- trends and drivers in Europe
- Multilayer mono-material film developments
- Barrier improvements and high barrier film developments
- Mechanical & chemical recycling
- Developments in materials and processing technology
- Use of recycled grades in mono material packaging
- Game changing high density PE grades specifically for the biaxially oriented film process

and many more

Testimonies from past delegates

Great value for future flexible packaging sustainable solutions -Adapa Group

Thank you for an interesting conference, providing many valuable learnings and food for thought -Ikea

I have found it very informative & educating, very well organised -Polysack

Great conference, diverse presentations, broad audience and nice opportunity to network -Sabic

The quality of all share information and attendees really exceeded my expectations. A must attend in my agenda -IMCD

FEES

Early Bird Fees(valid till 11 February 2025)	EUR / per person
1 or 2 delegates	1195
3 or more delegates	995
